

An institutional product for every need

<p>Income Funds</p>	<p>Our Income funds include Regulation 28 (Pension Funds Act), 29 and 30 (of Medical Schemes Act) compliant products, suitable for the cash component of retirement funds or medical aid schemes or corporates looking to enhance their cash yields over bank rates.</p> <p>We also provide our range of income strategies to meet shorter to medium-term investment needs of funds and members.</p>
<p>Low-Cost multi-asset funds</p>	<p>Our range of low-cost multi-asset funds offers two risk-profiled, balanced core funds, which provide exposure to a number of asset classes. This range also includes our Global low-cost multi-asset portfolio for investors seeking to gain offshore exposure at low cost.</p> <p>This range of funds is suitable as a low-cost core multi-asset holding for investors and is complementary to using satellite portfolios to enhance returns for an overall investment strategy.</p>
<p>International Funds</p>	<p>We have applied our successful Best of Breed™ approach to the selection of international investment managers. Our international funds primarily use global equity and global flexible products.</p> <p>Our international range of funds is suitable as part of an investment strategy seeking specialist offshore exposure.</p>
<p>Active Asset Allocation funds</p>	<p>Our Regulation 28 compliant active asset allocation funds range from inflation plus 3% to inflation plus 5% after costs</p> <p>Our range of active asset allocation funds is suitable for investors seeking to maintain the real value of savings over time.</p>
