### Portfolio profile

The Global Cautious Fund aims to achieve over the longer term, higher returns than those available from money market instruments with volatility below that of equities. The fund will invest in a diversified portfolio of global equities and fixed income securities with a maximum equity exposure of 40%. This particular share class has been hedged into Pound Sterling at the share class level.

### Investor profile

The portfolio is suitable for investors seeking medium to long term exposure to a diversified multi-asset portfolio of global investments, with a focus on fixed income, whilst being prepared to accept a degree of volatility in performance. The Sub-Fund is actively managed and is not managed in reference to any benchmark.
