About the Sub-Investment Manager

The Palomar Fixed Income Team is a boutique fund management team that was established in 2023 to manage the Nedgroup Global Strategic Bond Fund. Co-managed by industry veterans with a proven track record, Alex Ralph and David Roberts, the team focuses on the core of the fixed income market in order to provide stable returns over the longer term. The nimble boutique structure allows for quick decision making and efficient fund management, which alongside the expertise of the team, supports a portfolio that is designed to provide investors with stable fixed income returns.

► Definitions

- 1) The ongoing charges figure is estimated, based on the expected total of charges likely to be charged to the share class in the future. An estimate is being used as insufficient expense information is available as at the date of this document. The Fund's annual report for each financial year will include detail on the exact charges made. This figure excludes portfolio transaction costs (except for entry/exit charges paid when buying/selling shares in other schemes). This figure may vary from year to year.
- 2) The annualised total return is the average return earned by an investment each year over a given time period. Performance is calculated for the portfolio and individual investment performance may differ as a result of initial fees, the actual investment, the actual investment date, the date of any reinvestment and dividend withholding tax.
- 3) Weighted Average Maturity: "Weighted Average Maturity means the weighted average of the remaining life of each instrument held in a portfolio until the principal value is repaid in full, disregarding interest and any discounts. This excludes those securities such as property that don't have a maturity date.
- 4) Portfolio Yield is the annualised effective yield of the portfolio calculated using projected contractual cashflows and current carrying values of the underlying securities, including the amortisation of premiums and discounts. Portfolio Yield is a portfolio characteristic as at the reporting date and is not a forecast or guarantee of future distributions or returns.
- 5) Performance data is sourced from leading data providers, including Bloomberg and Morningstar, and is accurate as of the date of this document.
