Nedgroup Investments Pension Preservation Fund	12/8/0037698	18/20/4/041933
Nedgroup Investments Provident Preservation Fund	12/8/0037699	18/20/4/041931

This form will only be accepted when submitted with a completed and signed ‘Client Details – Existing Individual Investor’ form available from our Client Services Centre.

1. Investor details

Investor name

SA ID number / Passport number

2. Retirement fund notes

The implementation of the two-pot retirement system effective from 1 September 2024 has changed the South African retirement fund landscape. Your retirement savings up to 31 August 2024 were ringfenced into a vested component and the previous retirement fund rules will continue to apply to this component. All new contributions made to your retirement funds will be split between your savings component and your retirement component unless certain exemptions apply, in which case neither of these two components are created. The savings component would initially have been seeded with an allocation of 10% of the total market value of your vested component, limited to R30 000.

- **Savings component** – If you need to access your savings before retirement in the case of a financial emergency, you will have the option to make one withdrawal every tax year from this component which will be taxed at your marginal tax rate. At retirement, any remaining value in this component can be taken in cash or used to purchase an annuity.
- **Retirement component** – Your retirement component must remain invested until your formal retirement, at which time it must be used to purchase an annuity that will provide you with income during your retirement.
- **Vested component including any vested benefit** – You are entitled to one withdrawal before retirement subject to the rules of the previous retirement system, at which time a part thereof, to a maximum of one-third, can be taken as cash (100% in respect to your vested benefit) and the rest must be used to purchase an annuity.

All these components are linked by an investment contract number, and they will be treated as one investment into the retirement fund when transacting. You may only select one set of underlying funds that will apply to your savings and retirement fund components.

Investment contract to which this switch instruction applies

Please submit one switch form per option below.

- ☐ Switch my savings component
- ☐ Switch my retirement component
- ☐ Switch my vested component excluding vested benefit (if applicable)
- ☐ Switch the vested benefit portion of my vested component

3. Switch details

Please note:

- You can only switch out of one unit trust portfolio at a time
- If your elected switch results in your Fund not complying with Regulation 28 then we will not action your request
- The value of the amount available to you may change between the date of completing this form and the date the switch is processed
- If making a partial switch and the market value of the switch out unit trust portfolio falls below R2500 as a result of the switch, we will switch the entire balance to the selected switch to unit trust portfolio(s)
- If requesting a 100% switch we will switch the cleared amount immediately – the remainder will be switched after the relevant clearance period
- If you are making a 100% switch from a unit trust portfolio that pays an annual financial planning fee via the sale of units, any accrued fees will be paid to the financial prior to processing the switch
