This Supplemental Prospectus forms part of, and must be read together with, the Prospectus of the Nedgroup Investments Collective Investment Scheme ('the Scheme'), the applicable Deed and Supplemental Deed of the Scheme, the relevant Minimum Disclosure Document ('MDD'), and the Investment Agreement entered into between the investor and the Manager.

This Supplemental Prospectus contains portfolio-specific information relating to the Nedgroup Investments Select Global Equity Fund of Funds ('the Portfolio'). In the event of any inconsistency between this Supplemental Prospectus and the main Prospectus, the provisions of the main Prospectus, applicable legislation and the Deed shall prevail unless otherwise required by law.

The information contained herein has been derived from the applicable Minimum Disclosure Document.

1. The portfolio

The Nedgroup Investments Select Global Equity Fund of Funds is a portfolio within the Nedgroup Investments Collective Investment Scheme and is classified by ASISA as a Global – Equity – General portfolio.

The benchmark of the Portfolio is the ASISA Category Average.

The Portfolio is suitable for investors seeking capital growth and who are able to tolerate a high level of investment risk and volatility. The recommended minimum investment horizon for the Portfolio is seven years.

2. Investment objective

The primary objective of the Portfolio is to achieve capital growth over the long term.

Returns are expected to be generated through exposure to global equity markets.

The Portfolio seeks to provide investors with diversified exposure to multiple global equity managers and investment styles through an equally weighted blend of five global equity funds.

The Portfolio follows an 80% active and 20% passive allocation strategy and is rebalanced quarterly.

3. Investment policy

The Portfolio is managed as a global equity fund of funds portfolio.

The Portfolio invests primarily in offshore equity securities through underlying collective investment schemes.

The Portfolio may maintain a maximum equity exposure of 100%.

Derivative financial instruments may be utilised for efficient portfolio management, risk reduction and investment exposure purposes.

The Portfolio is diversified across investment styles and managers and is rebalanced quarterly.

4. Risk profile

The Portfolio carries a high risk profile and may be exposed to market fluctuations arising from changes in global equity markets, listed property markets, interest rates, credit spreads and macroeconomic conditions.

Equity and property investments are volatile by nature and may be subject to potential capital loss during adverse market conditions.

The Portfolio may be subject to currency fluctuations due to its international exposure.

Investors should be comfortable with short to medium term volatility and capital losses in pursuit of long-term capital growth.

5. Distributions

The Portfolio distributes income on an annual basis.

Distributions may comprise dividends, foreign income and other distributable amounts generated by the underlying assets of the Portfolio.

Investors may elect for distributions to be reinvested or paid out in accordance with the administrative processes of the Manager and the terms of the applicable Investment Agreement.

6. Investment manager

The appointed investment manager of the Portfolio is Nedgroup Investments Multi-Manager.

Nedgroup Investments Multi-Manager is a dedicated asset management division within Nedgroup Investments consisting of a diverse team of investment professionals based in Cape Town and London.

The investment team specialises in asset allocation and fund manager research and bases investment decisions on fundamentally driven research.

7. Investment philosophy

The Investment Manager seeks to provide investors with a simple and cost-efficient investment solution.

The Portfolio is diversified across global equity managers, geographic regions and investment styles.

The Portfolio combines passive and active investments through a blend of specialist underlying managers.

The Portfolio is rebalanced quarterly to maintain strategic allocations.

Ongoing manager due diligence is performed to ensure that underlying managers continue to meet the required standards.

The Portfolio is managed with a focus on long-term capital growth and diversification.

8. Fees and charges

The Portfolio is subject to management fees, operating expenses, transaction costs and other charges permitted in terms of applicable legislation and the Deed.

The annual management fee applicable to the Portfolio is disclosed in the applicable Minimum Disclosure Document.

The Total Expense Ratio (TER), Transaction Costs (TC) and Total Investment Charges (TIC) applicable to the Portfolio are disclosed in the applicable Minimum Disclosure Document and updated regularly by the Manager.

9. Performance reporting

Performance information relating to the Portfolio is published in the applicable Minimum Disclosure Document and updated monthly.

Such information includes annualised returns, cumulative performance, benchmark comparisons, rolling performance periods, risk measures, volatility statistics and portfolio composition.

The latest Minimum Disclosure Document is available from the Manager upon request and on the Manager's website.

10. Valuation and pricing

The Portfolio is valued daily at 15:00 South African time in accordance with CISCA, the Deed and the valuation policies adopted by the Manager.

Instructions received prior to the applicable cut-off time will generally be processed at the ruling price applicable to that business day.

Prices are published daily through approved publication channels and on the Manager's website.

11. Important disclosures

Collective investment schemes are generally medium to long-term investments. The value of participatory interests may go down as well as up and investors may not receive back the full amount originally invested.

The Manager does not guarantee the capital or performance of the Portfolio. Past performance is not necessarily indicative of future results.

The Portfolio invests predominantly in foreign equities and collective investment schemes and may therefore be exposed to market, liquidity, foreign exchange and economic risks.

Investors should read the main Prospectus, this Supplemental Prospectus, the applicable Minimum Disclosure Document, the Investment Agreement and all supporting disclosure documentation prior to making an investment decision.
