The information is required by law to help you understand the nature and the risks of investing in this Sub-Fund. You are advised to read it so you can make an informed decision about whether to invest.

Nedgroup Investments MultiFunds Plc (the Fund) Nedgroup Investments Growth MultiFund (the Sub-Fund) USD 'B' Share Class (ISIN: IE00B5N9GQ62)

The Fund is managed by Carne Global Fund Managers (Ireland) Limited ("The Manager")

Objectives and Investment Policy

The Sub-Fund aims to provide higher levels of growth with moderate to higher levels of risk and volatility over the medium to longer term.

The Sub-Fund will invest primarily in collective investment schemes. This may include:

- UCITS funds domiciled within the EU;
- Listed closed-ended collective investment schemes;
- Other open and closed-ended collective investment schemes

All fund structures must satisfy the requirements of the Central Bank of Ireland.

Through its investments, the Sub-Fund will in aggregate invest across a broad range of geographic areas and asset classes, predominantly in equities, fixed interest, cash and property.

Financial derivative instruments (FDI) comprising currency forwards, exchange traded options and exchange traded futures (as described in the Prospectus) may be used by the Investment Manager for the efficient portfolio management of the Sub-Fund but not for investment purposes.

The Sub-Fund may also hold ancillary liquid assets such as bank deposits.

The Sub-Fund is actively managed and is not managed in reference to any benchmark. It is managed by reference to a performance target which is to outperform the USD 3 month SOFR plus 3-5% over 5-7 years

Recommendation: This fund may not be appropriate for investors who plan to withdraw their money within a period of 5 years.

Synthetic Risk and Reward Profile

The Sub-Fund is ranked at 5 reflecting observed historical returns. This is not a measure of any risk of capital but rather a measure of the past fluctuations in the value of the Sub-Fund.

The risk category shown is not guaranteed and may shift over time. The indicator uses a standard calculation method that is used by all UCITS funds.

The risk category indicator is based on historical data which may not be a reliable indication of future risk profile.

The lowest category of 1 does not mean "risk free".

The following are risks materially relevant to the Sub-Fund which are not adequately captured by the indicator.

- Risks associated with investments in other collective investment schemes (CIS) include:
 - disclosure, accounting and regulatory standards may be less stringent at the underlying fund level;

- changes in economic, political, legal/regulatory and market conditions at the underlying fund level;
- liquidity issues caused by use of side-pockets by the underlying CIS; and
- dependency on underlying CIS and lack of control due to lack of involvement in the day-to-day management of underlying CIS.
- **Derivative Risk** – the Sub-Fund may use derivative instruments for hedging and for efficient portfolio management. This may result in gains or losses that are greater than the original amount invested. Derivatives may also be used to protect against potential risks. There is no guarantee that derivatives will provide the anticipated protection.
- **Counterparty Risk**– The Sub-Fund is subject to the risk that third parties with which the Sub-Fund may transact may go bankrupt or fail to pay money due to the Sub-Fund or return property belonging to the Sub-Fund.
- **Currency Risk** – the value of the Sub-Fund may be affected by changes in currency exchange rates for those securities held in a non-base currency (USD).

For further details please refer to Section 4 – Risk Factors in the Fund's Prospectus
